## School Accountability Report Card

### Reported Using Data from the 2015-16 School Year

### Published During 2016-17

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

#### School Description and Mission Statement (School Year 2016-17)

### Del Norte High School Mission Statement

*Inspiring passion and preparing all students to be college ready, future focused and globally aware*

Del Norte High School opened August 20th, 2009. That first year we supported almost 800 students (520 freshmen; 275 sophomores). Today we support almost 2100 Nighthawks! And from that first year to the present, we have focused on helping our students discover their individual passion. An assortment of STEM, VAPA, business and engineering, and technology based elective classes allow our students unique opportunities to explore new interests as well as develop marketable skill sets. An inclusive school by design, we encourage every student attending DNHS to extend themselves - taking rigorous courses to prepare them for college, career and life. We offer almost 20 different Advanced Placement courses and encourage every student attending DNHS to consider taking at least one AP level course prior to graduation. Special Education students have access to CSU/UC "a-g" courses as a result of our utilization of the collaborative model of instruction. Our students are also expected to graduate future focused and globally aware. Every student is encouraged to join a club, play a sport, and/or pursue/explore personal interests. As only one example, we have almost 100 ASB approved club charters currently. Clubs help to organize special assemblies and school events, disseminate information, raise campus awareness, and frequently call us to action (cleaning local beaches, packaging food for people living in far away countries, raising money for cancer research, tutoring elementary school students, donating blood, volunteering, etc...). In short, our school's mission permeates almost every aspect of campus life.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

### Teacher Credentials

Teachers	School			District
	2014-15	2015-16	2016-17	2016-17
With Full Credential	69	80	77	1468
Without Full Credential	0	0	0	0
Teaching Outside Subject Area of Competence (with full credential)	0	0	0	0

### Teacher Misassignments and Vacant Teacher Positions

Indicator	2014-15	2015-16	2016-17
Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments *	0	0	0
Vacant Teacher Positions	0	0	0

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

\* Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

**School Facility Conditions and Planned Improvements (Most Recent Year)**

The Poway Unified School District ensures that students attend clean and safe facilities. In accordance with Education Code Section 17070.75(e), the District uses a School Facilities Inspection System developed by the State of California to ensure that each of its schools is maintained in good repair. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. Daily cleaning schedules ensure that classrooms, offices and bathrooms are clean and well maintained. Playgrounds and fields are ample and well maintained. A full time custodian is on every campus throughout every school day. A night custodial crew cleans classrooms, restrooms and offices daily. The district has adopted cleaning standards for all schools. A summary of these standards is available at the district offices.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

### CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2014-15	2015-16	2014-15	2015-16	2014-15	2015-16
English Language Arts/Literacy	88	75	72	75	44	48
Mathematics	83	72	65	67	34	36

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

**CAASPP Test Results in ELA by Student Group  
Grades Three through Eight and Grade Eleven (School Year 2015-16)**

Student Group	Grade	Number of Students		Percent of Students	
		Enrolled	Tested	Tested	Standard Met or Exceeded
All Students	11	506	484	95.7	75.2
Male	11	267	255	95.5	66.3
Female	11	239	229	95.8	85.2
Black or African American	11	16	16	100.0	50.0
Asian	11	155	149	96.1	86.6

Socioeconomically Disadvantaged	11	47	39	83.0	43.6
English Learners	11	22	17	77.3	5.9
Students with Disabilities	11	36	34	94.4	11.8

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Mathematics by Student Group

Students with Disabilities	51	49	96.1	40.8

Note: Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The “Proficient or Advanced” is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## Career Technical Education Programs (School Year 2015-16)

---

The Poway Unified School District and our entire community value the key role that Career-Technical Education (CTE) plays in helping to fulfill the District's mission of college and career readiness for every student. As an integral part of the educational program, CTE in the Poway Unified School District offers academically challenging technical courses and programs. These courses and programs are comprehensive and future-oriented, are responsive to student, parent, community and workforce development needs, and are proven to positively affect student achievement.

The CTE courses offered at our high schools are advertised to students and parents through the regular course recruitment process each spring. This allows students and parents, with guidance from high school counselors, to choose CTE courses along with all of the other courses offered on that high school campus. This practice ensures that all high school students have access to the CTE courses, including students of special populations. Because the CTE courses are integrated at the high schools and are part of the regular school day, the unique needs of special populations are supported through our existing infrastructure, which includes teachers, counselors, and staff – including Special Education and EL program staff.

An advisory committee is convened at least once a year for each CTE industry sector or pathway. Business representatives from Agriculture; Arts Media and Entertainment; Business and Finance; Engineering and Architecture; Health Science and Medical Technology; Information and Communication Technologies; Manufacturing and Product Development; Marketing, Sales and Services; Public Services; and Transportation participate. The current chair of our CTE advisory committee is a representative from the Poway Chamber of Commerce (Dolores Canizales, President/CEO).

All of the CTE courses offered fit into a sequence or pathway of courses within an industry sector. To move our CTE courses toward increased rigor and college readiness standards, several years ago, the Poway Unified School District set a goal that each CTE course must meet at least one of the following criteria: be UC approved; be articulated with a local community college; or prepare students for an industry certification. The CTE courses offered during the 2015-16 school year are displayed below. ("U" denotes a course that is UC approved; "A" denotes a course that is articulated.)

## State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the Other Pupil Outcomes State Priority (Priority 8):

- Pupil outcomes in the subject areas of physical education.

### California Physical Fitness Test Results (School Year 2015-16)

Grade Level	Percent of Students Meeting Fitness Standards

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

### Opportunities for Parental Involvement (School Year 2016-17)

Long before Del Norte High School officially opened on August 20, 2009, we had forged strong partnerships with our incoming parents. These partnerships were solidified through a series of focus group meetings, multiple community meetings, the creation of a school website, and through the struggle to "save our sophomore class." Since August 2009 we have chartered a very successful DNHS Parent Teacher Student Association - which has earned distinction from the 9th District Palomar Council PTA - and six years ago, now, we established a site foundation (501(c)3). Both organizations enjoy strong community support, and both make a visible and much appreciated impact here supporting students and staff. To learn more about supporting the PTSA, contact Judy Simeroth at [jsimeroth@cox.net](mailto:jsimeroth@cox.net) and for the Foundation contact Jeff Erwin at [jefferwin71@gmail.com](mailto:jefferwin71@gmail.com).

Parents have additional opportunities to get involved: participating on the School Site Council, the DNHS Safety Council, joining parent booster groups, assisting students in school clubs and during tutorials, joining students in community service, attending school events, attending the quarterly Principal's Coffee, attending mid-trimester parent conferences, and/or by simply volunteering on campus - in the office, in the library, or in the classrooms. For information about any of these opportunities, please contact Mrs. Biggs, Administrative Assistant ([cbiggs@powayusd.com](mailto:cbiggs@powayusd.com)).

We recognize that open lines of communication are imperative to building and maintaining trust. The administrative team places a high priority on visibility. Administrators regularly visit classrooms, walk the campus during periods of transition and at lunch, and maintain an open door policy - meaning students, staff, and/or parents can drop-in to visit, share concerns, or discuss items of interest almost anytime with or without a formal appointment.

### State Priority: Pupil Engagement

The SARC provides the following information relevant to the Pupil Engagement State Priority (Priority 5):

- High school dropout rates; and
- High school graduation rates.

### School Safety Plan (School Year 2016-17)

We have a well-articulated Disaster Preparedness Action Plan developed in partnership with the San Diego Sheriff's Department, the San Diego Police Department and the Rancho Santa Fe Fire Department. Fire drills, disaster drills, duck-and-cover and lock down drills occur once per semester as dictated by District and state policy. We formally review our site safety plan with all staff twice per year - once in October and again in February.

Additionally, twice a year, during **School Safety Week (SSW)**, members of the administrative team review with students and staff emergency related protocols, and students practice appropriately responding and evacuating when/as prompted. SSW is overseen by our School Site Safety Committee. To learn more about the School Site Safety Committee, please contact Assistant Principal Steve Mills (smills@powayusd.com).

Finally, our Campus Security Specialists work to ensure a safe and secure campus - daily. Their approach is two-pronged – relational and logistical. Our Security Team has developed mutually respectful relationships with our students that often lead to “tips” that prevent inappropriate behaviors before they occur, or result in forthright student assistance with disciplinary investigations. On the logistical front, Security Specialists patrol the campus daily, reporting any safety concerns to the appropriate parties. In short, this team is on the front lines when it comes to protecting our campus community.

## D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

## Types of Services Funded (Fiscal Year 2015-16)

The district's general fund includes monies for:

1. General operations—salaries, benefits, services, materials, and support to the general education
2. Special education—programs offering appropriate, individualized education to students with special needs
3. Supplemental grants used to increase or improve services to unduplicated pupils
4. Special projects—monies from agencies (e.g., federal, state) earmarked for specific services
5. Transportation
6. Facilities, Maintenance and operations
7. District administration

Each school in the district receives an instructional budget based on enrollment, programs, and on formulas set by the Board of Education policy, state law, agreements with employee bargaining units, and guidelines of outside funding agencies.

## Professional Development (Most Recent Three Years)

Research supports the positive effects professional development has on increasing student learning. Late start Tuesdays allow staff at DNHS the opportunity to meet with colleagues in Professional Learning Communities (PLC's). Teachers frequently meet to examine student work samples, create common course assessments, and plan for instruction. Additionally, all teaching staff is afforded the opportunity to participate in district and site sponsored professional development. Workshops topics vary: review of the newly revised California State Standards; use of effective instructional strategies; implementing the use of technology in teaching and learning; critical reading, writing and mathematics strategies; effective use of assessments; questioning; student

engagement; positive discipline; and multicultural training. Teachers and administrators are actively involved in professional development activities at the school, district, state, and national level. The Poway Professional Assistance Program (PPAP) provides additional support for new teachers. Teachers are encouraged to participate in the National Board Certification process and recognized by the Poway Unified School District when they earn NBCT status.
