School Accountability Report Card

Reported Using Data from the 2016-17 School Year

Published During 2017-18

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2017-18)

Located in the beautiful community of Rancho Bernardo, Rancho Bernardo High School (RBHS) is a comprehensive high school serving 2,2362 students in grades nine through twelve. RBHS offers a full range of academic programs and activities designed to meet the needs of all students. The school mirrors the ethnic diversity present in the community and serves as an important resource for youth within the large senior citizen population of this suburban area of San Diego. The ethnic distribution represents over 17 different cultures and 45 languages. The current racial distribution is predominately Caucasian (49.5%) the rest of the student population representing Asian (11%), Hispanic (14.5%), Filipino (6%), African American (3%), and other (16.5%) groups. The community of Rancho Bernardo is comprised of homes ranging from multimillion-dollar custom homes through middle class tract homes, condominiums, and apartments near the Interstate 15 freeway corridor. The majority of our families are upper-middle-class income earners. RBHS opened in 1991 with 1,400 students and experienced a maximum enrollment of 3,287 students in the 2001-02 school year. The school offers academic programs including AVID; Advanced Placement; on-line courses in Health, Physics, US History, and World History; and 4.5 period courses in Chamber Orchestra, Robotics, EL Peer Tutoring, Technical Theater Production, Chamber Music, Vocal Pedagogy & History, and DECA. RBHS also offers a variety of interventions; Read 180, Extended Learning Period (embedded tutorial), a transition program for incoming at-risk students and 9th graders, various mentor programs (peer counseling, Link Crew, and teacher mentors), and academic courses are aligned to California State Standards. In addition, RBHS is proud of its 64 athletic teams, 91 clubs, 16 service organizations, Marching Band, Orchestra, Color Guard, Robotics, Science Olympiad, Speech and Debate teams, and Academic Team. The 2016-17 RBHS staff is composed of 99 teachers, 1 school psychologist, 1.2 speech therapists, 4.5 counselors, 4 administrators, and support staff. Teachers and staff participate in three staff development days each year as well as one hour of professional time every Wednesday morning. The RBHS School Site Council works diligently to monitor and support school improvement and student achievement at all levels. Parents serve as volunteers in many aspects of school life and enjoy open communication with the school. The RBHS Foundation, the Friends of the RBHS Library, and numerous booster clubs support student activities and student achievement. The PTSA and Parent Center are very active at RBHS and serve as important vehicles for communication and connection to the community. All of these facets work in concert to support the Poway Unified School District's goals related to College and Career Readiness. It is an expectation of Rancho Bernardo High School and the Poway Unified School District that upon graduation, students will be prepared to pursue a wide variety of reasonable options including admission to college and career opportunities. Rancho Bernardo High School students continue to successfully complete a course of study that prepares them to meet the "a-g" application requirements of the CSU/UC systems, and that also prepares them for the world of work and for making a lifetime of informed decisions. Additionally, students are offered opportunities to participate in a wide variety of extra- and co-curricular activities that help to develop balanced and productive young adults.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements (Most Recent Year)

The Poway Unified School District ensures that students attend clean and safe facilities. In accordance with Education Code Section 17070.75(e), the District uses a School Facilities Inspection System developed by the State of California to ensure that each of its schools is maintained in good repair. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. Daily cleaning schedules ensure that classrooms, offices and bathrooms are clean and well maintained. Playgrounds and fields are ample and well maintained. A full time custodian is on every campus throughout every school day. A night custodial crew cleans classrooms, restrooms and offices daily. The district has adopted cleaning standards for all schools. A summary of these standards is available at the district offices.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2015-16	2016-17	2015-16	2016-17	2015-16	2016-17
English Language Arts/Literacy (grades 3-8 and 11)	83	79	75	74	48	48
Mathematics (grades 3-8 and 11)	66	61	67	66	36	37

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2016-17)

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	552	535	96.92	78.88
Male	286	277	96.85	74.01
Female	266	258	96.99	84.11

English Learners	32	28	87.5	35.71
Students with Disabilities	44	42	95.45	26.19

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Students with Disabilities	44	43	97.73	6.98

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

Career Technical Education Programs (School Year 2016-17)

The Poway Unified School District and our entire community value the key role that Career-Technical Education (CTE) plays in helping to fulfill the District’s mission of college and career readiness for every student. As an integral part of the educational program, CTE in the Poway Unified School District offers academically challenging technical courses and programs. These courses and programs are comprehensive and future-oriented, are responsive to student, parent, community and workforce development needs, and are proven to positively affect student achievement.

The CTE courses offered at our high schools are advertised to students and parents through the regular course recruitment process each spring. This allows students and parents, with guidance from high school counselors, to choose CTE courses along with all of the other courses offered on that high school campus. This practice ensures that all high school students have access to the CTE courses, including students of special populations. Because the CTE courses are integrated at the high schools and are part of the regular school day, the unique needs of special populations are supported through our existing infrastructure, which includes teachers, counselors, and staff – including Special Education and EL program staff.

An advisory committee is convened at least once a year for each CTE industry sector or pathway. Business representatives from Agriculture; Arts Media and Entertainment; Building and Construction Trades; Business and Finance; Engineering and Architecture; Health Science and Medical Technology; Information and Communication Technologies; Manufacturing and Product Development; Marketing, Sales and Services; Public Services; and Transportation participate. The current chair of our CTE advisory committee is a representative from the Poway Chamber of Commerce (Dolores Canizales, President/CEO).

All of the CTE courses offered fit into a sequence or pathway of courses within an industry sector. To move our CTE courses toward increased rigor and college readiness standards, several years ago, the Poway Unified School District set a goal that each CTE course must meet at least one of the following criteria: be UC approved; be articulated with a local community college; or prepare students for an industry certification. The CTE courses offered during the 2016-17 school year are displayed below. (“U” denotes a course that is UC approved; “A” denotes a course that is articulated.)

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

Rancho Bernardo High recognizes the importance of the partnership between home/school and remains committed to supporting the Parents As Partners Core Value. Parents have been included in the improvement process and serve in an advisory capacity on committees. Opportunities for parent involvement include the following: School Site Council, Booster Clubs, PTSA, Parent Center, adult mentors and tutors, Library Volunteers, RBHS Foundation, and volunteering on campus in a variety of ways. Parents interested in volunteering may contact the RBHS receptionist at (858) 485-4800.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and

School Safety Plan (School Year 2017-18)

RBHS' School Safety Plan is developed and evaluated annually by RBHS' School Site Council which includes: The principal or designee, a representative of the local school employee organization, a representative of the parent organization (Parent Teachers' Association), a representative of the teacher organization, a representative of the student body government, other individuals expressing interest in serving on the council, and a representative of law enforcement. School Site Council follows the three essential components for School Safety Plans as stated in district board policy; 1. Assuring each student a safe physical environment; 2. Providing a safe, respectful, accepting, and emotionally nurturing educational climate; and 3. Provide each student resiliency skills. Plan components include the following: Child Abuse Reporting Procedures, student dress code, rules of student discipline including suspension and expulsion, restorative practices, procedures to notify teachers and staff of potentially dangerous students, discrimination and sexual harassment education, hate crime report, Anti-bullying presentations, Human relations conference, and Routine Emergency/Disaster Procedures for all staff and student body regardless of disability, procedures for safe ingress and egress of students parents/guardians, and employees to and from school, drill reports including lockdown, earthquake evacuation, disaster and fire drills. Staff and students train through instructional activities and drills on an ongoing process to improve drill execution throughout the school year.

Professional Development (Most Recent Three Years)

All faculty is afforded the opportunity to participate in district and site sponsored professional development. District funds were used to train teachers in applying California State Standards across all content areas (workshops, seminars, and pull-out days). Every Wednesday teachers are provided an hour to work with their departments or curricular teams for staff development. Four days are reserved throughout the year for professional development. Administration and the instructional leadership team collaborated to plan professional growth days that included teacher facilitated workshops on: using data to drive instruction, close reading strategies, student-engagement strategies, tier 1 interventions (ELP-RTI), using innovative apps in the classroom, and writing workshops. District workshops (TLCs) are presented in a semester or year-long series and support a wide variety of professional development. These include the use of effective instructional strategies; implementing the use of computer technology in teaching and learning; critical reading, writing, and mathematics strategies; effective use of assessments; positive discipline in-services; and multicultural training. Teachers and administrators are actively involved in professional development activities at the school, district, state, and national level. The Poway Professional Assistance Program (PPAP) provides support for new teachers. Teachers are encouraged to participate in the National Board Certification process and recognized by the Poway Unified School District when they earn NBCT status.
