School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

Monterey Ridge Elementary School opened its' doors to the first class of students on August 24, 2006. As the 23rd elementary school in the award winning Poway Unified School District we are proud to be an integral part of the growing community of 4S Ranch, San Diego. As a part of this master planned community, Monterey Ridge has been built to serve the students, family and community of 4S Ranch. MRES has grown each year due to the expansion of houses around our community. MRES currently has a student population of 1,000 students. Students have joined us from throughout San Diego County and farther as they take up residence in this quickly growing community.

Our school is designed so that our students work in six small learning communities housed in "villages". Each village houses six to seven classrooms which center around a family room. In addition to classrooms, each village contains student and adult restrooms, an office space for staff as well as a "common" or "family" area where students are able to work on laptop computers, receive small group instruction, or work with volunteers from throughout the community. An outdoor patio provides additional work space for students and staff. Several of our Kindergarten classrooms are specially designed with internal bathrooms as well as a separate play area. Our school also offers a full time preschool class. This room has been specially built for preschool with a separate play area as well as facilities for our before and after school care program.

The main building houses the administrative offices, as well as a multi-purpose room/theater, student library and a computer lab. In addition, we have a second lab located on campus in the D village. Our school also has 20,000 square feet of solar panels which produce as much as 60% of the energy we consume each day. We are now in our eighth year of operation and many traditions are still taking shape. We offer a web-based intervention and enrichment program that utilizes our Compass Learning program, which provides every student with their own individualized learning program. Staff for the new school were selected from sites throughout the Poway Unified School District and we continue to be highly sought after by both staff and students. The excitement to create a new school and the opportunities to shape the culture and climate of a new school area continue to remain a big draw for teachers and staff. Through a competitive interview process staff came together in the Spring of 2006 to build a vision and commitment for learning at Monterey Ridge.

Our student population reflects the diversity of the community surrounding our school. Currently, 40% of our students are Asian, 11% Filipino, 6% Hispanic, 2% African American, and 37% Caucasian. 10% of our students are listed as other, often a reflection of a mixture of ethnic groups. At this time, 25% of our students are classified as English Language Learners and 6% of our students receive free or reduced price lunch. We are thrilled to be a part of this wonderful community and continue to build and foster strong partnerships with our families, businesses and others throughout 4S Ranch.

Monterey Ridge Elementary

Our Mission

We, the Monterey Ridge Learning Community, are built on a foundation of strong character, confidence, and competence. We are committed to creating a culture of success by building the knowledge and skills to ensure college, career, and life readiness for every student. **Character + Confidence + Competence = Choices Our Vision** To insure that our vision is realized, the Monterey Ridge Elementary Staff commits to:

- Collaborate effectively with staff and community.
- Support all students learning and meeting or exceeding standards.
- Communicate by listening to understand, and speaking to be understood.
- Respect and care for all.
- Hold all students responsible for good learning habits and appropriate behavior.
- Foster and model a life-long love of learning and a positive "can do" attitude.

School Facility Conditions and Planned Improvements (Most Recent Year)

The Poway Unified School District ensures that students attend clean and safe facilities. In accordance with Education Code Section 17070.75(e), the District uses a School Facilities Inspection System developed by the State of California to ensure that each of its schools is maintained in good repair. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. Daily cleaning schedules ensure that classrooms, offices and bathrooms are clean and well maintained. Playgrounds and fields are ample and well maintained. A full time custodian is on every campus throughout every school day. A night custodial crew cleans classrooms, restrooms and offices daily. The district has adopted cleaning standards for all schools. A summary of these standards is available at the district offices.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students

Grades Three through Eight and Grade Eleven

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19

Mathematics (grades 3-8 and 11)	85	84	67	70	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in ELA by Student Group

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

However, these data are not available for inclusion in the 2018-19 SARC posting due February 1, 2020. These data will be included in the 2019-20 SARC posting due February 1, 2021.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

California Physical Fitness Test Results (School Year 2018-19)

Grade Level	Percentage of Students Meeting Four of Six Fitness Standards	Percentage of Students Meeting Five of Six Fitness Standards	Percentage of Students Meeting Six of Six Fitness Standards

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Our School recognizes the importance of the partnership between home and school and remains committed to supporting the deep belief that our parents are our partners. Parents are a critical aspect of our school and serve in an advisory capacity on committees such as our School Site Council, and Educational Foundation. Parent volunteers work in a variety of capacities such as: Volunteer Workroom, in-class support during literacy and math time, Book Fairs, Running Club, Jog-a-Thon and general classroom support. Parents are also invited to share their perspectives at Coffee with Principal chats, as well as join us at our weekly Friday Flag events. We also seek out the views and engagement of our parents with a climate survey that takes place at the end of the year. Lastly, our SSC is engaged in assessing the extent to which we have implemented our School Plan For Student Achievement by visiting classrooms, speaking to students and analyzing student results.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

School Safety Plan (School Year 2019-20)

Our school places strong emphasis on safety for students and staff. Emergency plans are reviewed frequently. Annual training procedures and drills for earthquakes, fire, and bus evacuation are held throughout the year. Maintenance staff works with a scheduled preventive program to offset costly repairs. Extended Student Services is available to students for before and after school childcare.

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	3	3	3

Research supports the positive effects professional development has on increasing student learning. All teaching staff is afforded the opportunity to participate in district and site sponsored professional development. These workshops are presented in a semester or year-long series and support a wide variety of professional development. These include the use of effective instructional strategies, implementing the use of computer technology in teaching and learning, critical reading, writing and mathematics strategies, effective use of assessments, positive discipline in-services, and multicultural training. Teachers and administrators are actively involved in professional development activities at the school, district, state, and national level. The Poway Professional Assistance Program (PPAP) provides support for new teachers. Teachers are encouraged to participate in the National Board Certification process and recognized by the Poway Unified School District when they earn NBCT status.
